Understanding Matthew: An Examination

UNDERSTANDING
MATTHEW

AN EXAMINATION

DON SAMDAHL

Available at [Amazon](#).

Description: Why this commentary? Although the ascended Lord began the Church, the body of Christ, with Paul, and revealed all Church doctrine through him, the vast majority of Christendom spends most of its time in the Gospels, primarily Matthew. Like the other Gospels, Matthew is Old Testament and after four hundred years of prophetic silence, returns to Malachi's closing prophecy about Elijah's coming as if no time had elapsed. John the Baptist appeared in the spirit and power of Elijah, and Jesus declared John was Elijah had the Jews accepted him. This commentary explains and clarifies passages others neglect or misunderstand. These include the purpose of Jesus' miracles, why Jesus began to teach in parables, the meaning of the gospel of the kingdom, how one was saved under that gospel, what is the blasphemy of the Holy Spirit, and other misread passages.

Understanding Romans: An Examination

Available at [Amazon](#).

Description: Romans reveals the foundational truths of Christianity, the doctrines of the Church, the body of Christ. While it does not contain everything Paul wrote about the Church, it is Paul's great, systematic revelation of the faith. As such, it has received the most attention of Paul's letters. Thousands of commentaries have been written on it. Why another? Many good commentaries exist on Romans, but the author hopes this work will enlighten and clarify Paul's message and theology others have overlooked or misunderstood. Available in hardback and paperback. **Latest version: 3rd printing.**

Understanding 1-2 Thessalonians: An Examination

**UNDERSTANDING
1-2 THESSALONIANS**

AN EXAMINATION

DON SAMDAHL

Available at [Amazon](#).

Description: 1-2 Thessalonians were Paul's first letters, written shortly after the Jerusalem Council, which settled the question of the gospel and salvation. The Pre-Tribulation Rapture and the advent of the man of the lawlessness, the Beast of Revelation, are the primary subjects of the letters. They were the first subjects Paul taught and wrote about to the Thessalonians after they believed the gospel. The letters also reveal Paul, with the rest of the apostles, thought the Lord would return soon—in their lifetime. These letters assure members of the Church that they will not undergo the Tribulation. Available in paperback. **Latest version: 3rd printing.**

Understanding the Jewish Writings: An Examination of Hebrews, James, 1-2 Peter, 1-3 John, Jude, and Revelation

Available at [Amazon](#).

Description: Hebrews, James, 1-2 Peter, 1-3 John, Jude, and Revelation comprise the Jewish writings that follow the Gospels. Addressed to Jews who believed the gospel of the kingdom, that Jesus was the Christ, the Son of God, they continue the message of the Gospels and expand on God's prophetic program revealed by the prophets of God's wrath and earthy kingdom. Particular attention is given to Jesus' warning that the one who endured to the end would be saved and overcoming, what He meant by the unforgivable sin of the blasphemy of the Holy Spirit, and difficult passages such as Hebrews 6. Apparent contradictions of these writings when compared to Paul's letters are also resolved. Available in paperback and hardback. **Latest version: 4th printing.**

God's Programs: An Introduction to Understanding the Bible

Available at [Amazon](#).

Description: *God's Programs* starts at the beginning, in Genesis, and takes the reader through the Scriptures. The Bible is not difficult to comprehend when one understands how it is organized, what is written, and to whom it is written. God has given the Scriptures to reveal Himself, His plan for mankind, to show why things are the way they are, and to reveal what lies ahead. Most of Christendom does not recognize God has created five great programs: Mankind, Israel, Church, Kingdom, and Eternity and that each program must be recognized and understood to reveal the meaning of God's plan. When the Bible is allowed to speak for itself, the light of understanding will shine. The goal of this book is to open the Scriptures and guide the reader to see what God has revealed.
