Don Samdahl maintains doctrine.org and writes on Biblical subjects to encourage believers, reveal the knowledge of Christ, the hope of His calling, and the riches of His glory.

Most articles focus upon and emphasize doctrines revealed by Paul, the apostle of the Gentiles (Romans 11.13). Through this apostle, the risen, glorified Lord revealed the gospel of the grace of God (Acts 20.24; 1 Corinthians 15.1-4), salvation by faith alone (Romans 3.24, 26, 4.4-5), and many other doctrines concerning the Church, the body of Christ. Before Paul, God kept these truths secret ([μυστήριον](#)). All Scripture is *for* us but not all Scripture is *to* us. What is written to us, to the Church, the body of Christ, is from the pen of Paul.

Don Samdahl earned a Th.M. degree from Dallas Theological Seminary, majoring in Semitics and Old Testament Studies.
